

Fife College

# Higher Education and Degree Pathways Guide: 2024/25

A guide to studying for  
your HNC, HND  
and University Degree  
with Fife College

Applications open  
15 January 2024

# Hello.

**Choosing the next stage of your education is a big decision, so I'm delighted that you are considering coming to join us at Fife College.**

The higher education landscape has changed hugely over the last few years, with more and more students now choosing to come to college to study for their higher education qualifications, including pathways towards a university degree. We're delighted to be able to offer a full suite of options to help you find the best route to meet your needs.

Colleges now deliver around a quarter of all higher education courses in Scotland, with many students now choosing to enrol on HNC or HND programmes. At Fife College, we offer around 100 higher education programmes, across a wide range of subject areas. The benefits of studying locally are compelling – flexibility, affordability, great facilities and links with local industry to name just a few.

We also offer you a stepping stone to a degree qualification. Through our partnerships with universities across the country, we offer over 550 defined routes mapping HNC/HND qualifications into degree courses which means you can study locally, gain a qualification for each year of study, and then choose to progress into second year of a degree course at university (with an HNC qualification) or third year (with an HND qualification). In some subjects there is even the option to complete a full university awarded degree without leaving your Fife College campus.

And don't just take our word for it that Fife College is a great place to study. Our most recent Student Satisfaction Survey found that 94% of our students would recommend us to others. And we're immensely proud to be able to say that 90% of our successful full-time students progress either to employment or on to further study after completing their qualifications with us. We hope you will find your time with us equally as fulfilling.

We look forward to welcoming you in 2024.

Iain Hawker  
Vice Principal

# Choose the best pathway for you

Whether you are leaving school, returning to education as a mature student, or looking to gain additional qualifications to boost your career prospects, Fife College is here to help.

We have a wide range of higher education qualifications on offer at HNC and HND level. Plus we have over 550 different progression pathways with universities all across the country where you can choose to continue your studies to degree level.

Coming to study an HNC or HND with us has a number of benefits:

## → Flexible

One of the main benefits of a college education is its flexibility. We have a wide variety of learning options which allow you to combine your studies with work or family life, including part-time study; online and distance learning; and even some courses that offer evening or weekend options. And the best thing is, you can take your studies one year at a time, gaining a recognised qualification for each year of study you complete, before deciding what option you choose next.

## → Local

Traditionally, Higher Education (HE) qualifications meant having to go away to university, with all the cost and upheaval this might bring. However, we can offer you an alternative path. For those who don't want to relocate to university due to financial or family commitments, this makes your local college a great alternative option.

## → Affordable

With the ongoing cost of living crisis, studying at your local college could be a great way of cutting down on ever-increasing travel and accommodation expenses that might make studying elsewhere too expensive. There are also opportunities to apply for funding to help with course fees and other living costs, as well as a generous range of scholarship options available via our Adam Smith scholarship scheme.

## Degrees: An alternative pathway

Many people still believe that studying towards a degree means having to move away to university and committing the next three or four years to studying in a different city, with all the financial and family implications that entails.

However, you can choose the same path as an increasing number of students, and start your degree studies right here in Fife. You can study for an HNC (the equivalent of a first year of a university degree); an HND (the equivalent of second year at university); then choose to complete a full degree in as little as one further year, either via one of our partnership agreements with universities across the country, or directly through one of the ten degree courses fully available on a Fife College campus.

We're proud to offer over 550 defined routes to degree courses, allowing local students to start their degree closer to home. Another major benefit of studying your higher education qualifications with Fife College.

## Fife College – the perfect choice for you

With great facilities, smaller class sizes, greater affordability and flexibility, more and more students are discovering why college is the perfect place to start their journey towards a higher education and degree qualification.

We hope what we can offer YOU in this guide will convince you that the perfect home for the next step in your education is Fife College.

# 10 reasons to choose Fife College

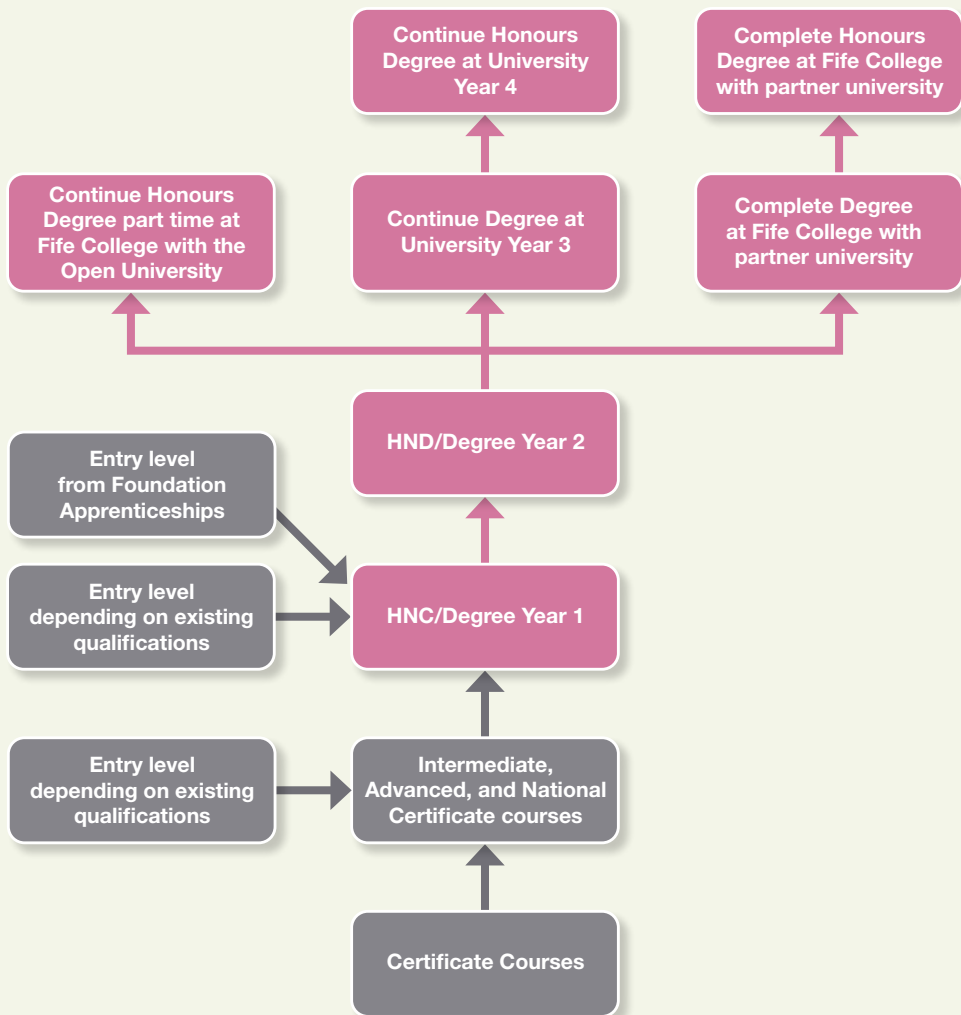

- 1** No need to commit to four years of study at university – at college, you can take each year at a time.
- 2** And by doing so, you could gain a recognised qualification for every year of study.
- 3** Treat college as a ‘stepping stone’ – study for an HNC, then HND, then choose whether to progress to later years of a degree course at university or college.
- 4** Studying closer to home will mean lower living, travel and study costs than going away to university.
- 5** We have flexible learning options – full-time, part-time, online and even some non-standard hours choices – to fit in with your home, family or work life.
- 6** Our close links with local industry mean that you could gain real-life work experience while you study.
- 7** You’ll enjoy smaller class sizes than you would at university, so the whole teaching/learning experience is more supportive and personal.
- 8** For those still at school, you could start your higher education journey and even complete the equivalent of the first year of a degree course before leaving school!
- 9** For adults thinking of returning to education, did you know that 22% of our students are over the age of 40 – we’ve got courses for everyone!
- 10** We have some fantastic facilities, and a superb student support team who are on hand to help you with any questions you have around funding, applications or employability.

# Ways to study with us

We offer a number of different options to allow you to study for your higher education qualifications and onwards towards a degree, including:

- 1 Starting at school**
- 2 Studying your HNC/HND with us**
- 3 Progressing from college to university**
- 4 Studying for your full university degree at Fife College**

1

# Starting your qualifications at school

**Did you know you can study a college course as part of your timetable while you are still at school?**

All of our courses are designed to help you develop skills needed for both Higher Education and employment, and allow you to be an independent, self-motivated and creative critical thinker.

## School College Partnership

You don't have to wait until you finish school to start thinking about what you want to do afterwards. You can start your pathway to a degree at school through Higher National Certificate (HNC) courses which are offered through our School College Partnership and are the equivalent of year 1 of a university degree.

In many cases, it means you can study on campus where you'll experience college life, learn new skills in our state-of-the-art facilities, and study a range of Higher National subjects such as Accounting, Applied Science and Business.

All our courses are chosen to allow you to move on to a degree course either at Fife College or with one of our university partners so you get the skills you really need for your future career.

**To find out which courses are available at your school visit [fife.ac.uk/schools](https://fife.ac.uk/schools)**

### Did you know?

**In place of Higher qualifications, you could progress on to an HNC qualification with Fife College, from a Foundation Apprenticeship in the same subject area.**

**Find out more about Foundation Apprenticeships at [fife.ac.uk/foundation](https://fife.ac.uk/foundation)**

# Studying your HNC/HND with us

We offer a wide range of HNCs and HNDs across many subject areas, including:

- Accounting
- Administration
- Art and Design
- Built Environment
- Business and Management
- Childhood Studies
- Creative Media
- Culinary Arts
- Digital, Computing and Cyber
- Engineering
- Jewellery
- Health and Social Care
- Hospitality
- Legal Services
- Police Studies
- Performing Arts
- Science
- Social Science
- Sport and Fitness
- Tourism and Events

**The full list of courses available, as well as the progression pathways from each of these courses, are detailed later in this guide, starting from page 12.**

## What if I don't have the entry qualifications required for an HNC or HND course?

We do have another option for you.

If you are an adult with few or no formal qualifications, and who has been out of full-time education for at least three years (or five, if you have existing qualifications at SCQF level 5), Fife College offers courses which are specifically designed to help you back into education.

Through our partnership with the Scottish Wider Access Programme (SWAP), these courses allow you – in a single year – to gain the qualifications required to progress to an HNC, HND or year 1 of a degree at university.

**For more information on these SWAP courses, please visit their website: [www.scottishwideraccess.org](http://www.scottishwideraccess.org)**

# Progressing from college to university

**Fife College offers over 550 routes to degree programmes in partnership with a wide range of universities across Scotland and the UK.**

You will usually see these referred to as an Articulation Route. This is a pathway between a full-time higher national course, such as an HNC or HND, and a degree course, which has been formally agreed between the College and a university.

These routes are reviewed annually by each university and the College to make sure that the content of your HN course aligns to the content of the first year (or first two years) of your chosen degree to ensure a smooth transition to degree study.

If an articulation route is in place, it means that you could get direct entry onto a degree course - with an HNC you could get direct entry to year 2 at university, and with an HND you could move straight to year 3.

## **Which universities and colleges work with us?**

Fife College has articulation agreements in place with the following institutions which allow you to go on to degree level study:

- Abertay University
- Edinburgh Napier University
- Glasgow Caledonian University
- Heriot-Watt University
- Open University
- Queen Margaret University
- Robert Gordon University
- University of Aberdeen
- University of Dundee
- University of St Andrews
- University of Stirling
- University of Sunderland
- University of the Highlands and Islands
- University of the West of Scotland
- Dundee & Angus College
- Edinburgh College

Whilst you are studying on your HN course at Fife College you may have the opportunity to meet staff from several of our partner universities and colleges.

Staff from these partner institutions will offer you the chance to participate in workshops that will let you gain skills to help you with degree level study. These sessions will either be built into your programme of study or offered as additional workshops; they will help to make your transition to university smoother by ensuring that you have the necessary skills to join a degree course in year 2 or 3.

**If you have any questions or want to find out more, please email [degrees@fife.ac.uk](mailto:degrees@fife.ac.uk)**

# Studying for your full university degree at Fife College

**Once you have successfully achieved your HND, in some subjects we offer the option to complete your full degree with us here at Fife College.**

This is called a Franchise or Validated Degree, and they allow you to study for your full university-awarded degree at a Fife College campus. This means you can keep all your costs down, but also benefit from using partner university facilities like libraries, open days and even some lectures, and you'll get a fully accredited Ordinary or Honours degree awarded by the university at the end of your studies.

The following franchise degree opportunities are currently available at Fife College:

In partnership with Abertay University:

- BA Accounting with Finance
- BA (Hons) Accounting with Finance
- BA Business Management
- BA (Hons) Business Management
- BA Learning Difficulties/Disabilities

We also offer degrees which are validated by Queen Margaret University:

- BA Creative Enterprise (*this degree allows progression from 12 different creative HNDs. Check out the website for more information*)
- BA Childhood Studies
- BA (Hons) Childhood Studies
- BA Childhood Practice (*part-time study degree for SSSC-registered practitioners with at least two years' experience of working within an Early Learning and Childcare setting*)

Plus if you have successfully completed HND Social Sciences at Fife College you also have the option to study your third year on campus for the following Open University degree:

- BA (Hons) Social Sciences\*

\* This degree follows the English model and allows an Honours degree to be completed in one year following successful completion of your HND.

# Qualifications explained

All you need to know about qualifications and how they work together.

Like all Scottish colleges and universities, we use the Scottish Credit and Qualifications Framework (SCQF) levels to describe our courses.

It shows how you can build up credits to gain the qualification you want; transfer credits onto other courses; and compare levels across different courses and qualifications.

Remember - there's no one set or right way to progress through school, college, university and into the job you want. And one of the benefits of college is how flexible your route can be, with so many options available to suit your own circumstances. You can even take time out of your studies and pick them up again at a later stage.

## Higher Education (HE) Qualifications Explained

### Higher National Certificates (HNC)

*SCQF Level 7 – the equivalent to year 1 at university*

HNCs are normally completed in one year full-time or in two years with part-time study. Upon successful completion of an HNC, you have options which may include progressing to an HND at Fife College, or a degree with one of our partner universities (often entering the degree course in year 2), or employment.

### Higher National Diplomas (HND)

*SCQF Level 8 – the equivalent to year 2 at university*

An HND is two years of study if done as a full-time course. If you're progressing from HNC, you will go straight into the second and final year of the HND. They give you the option of progressing through to a degree (often entering year 3 of the degree course) or employment.

### Degrees

*SCQF Levels 9 (Degree) and 10 (Honours Degree)*

We have over 550 routes to a wide range of degree courses at other institutions, with the benefit of studying the first one or two years locally. And working alongside our partner universities, we also offer a great range of degrees right on your doorstep at Fife College campuses, so that you can study your whole degree at Fife College. These degrees are awarded by our university partners so are the same as those issued to their own students.

## The Scottish Credit and Qualifications Framework (SCQF)

SCQF Levels	SQA Qualifications			Qualifications of Higher Education Institutions	Apprenticeships and SVQs
12			Professional Development Award	Doctoral Degree	Professional Apprenticeship
11			Professional Development Award	Masters Degree, Integrated Masters Degree, Post Graduate Diploma, Post Graduate Certificate	Graduate Apprenticeship, Professional Apprenticeship, SVQ

**DISCLAIMER:** This information is correct at time of going to print (August 2023). However, the College may need to make some changes to the courses offered, so please check our website [fife.ac.uk](http://fife.ac.uk) for the most up-to-date course information.

The degree routes included in this guide are valid at time of printing, but changes may occur at both the College and the universities which may affect them. Please check at the start of your course.

# Administration, Legal Services and Police Studies

Within the world of business, there are no boundaries – you could go anywhere!

The skills you learn with Fife College will prepare you for all kinds of careers within Administration, Office Technologies, Legal Services and Policing.

Talented individuals, who are skilled and knowledgeable in these sectors, are in high demand throughout the UK and globally. With our full-time and part-time courses, you will gain a broad range of practical knowledge and understanding that is highly sought-after by employers.

## What kind of career could I have?

- Solicitor
- Paralegal
- Team Leader
- Police Officer
- Courts Officer
- Team Leader
- Office Administrator
- Officer Supervisor
- Personal Assistant
- Clerical Assistant
- Receptionist
- And many more...

HND: Legal Services	D K	

## Did you know?

The entry level salary to become a legal secretary starts at £20,000 and you could earn up to £45,000

## 1 million

The number of administration experts now employed all over the world in public administration roles

# Built Environment

The Built Environment refers to the aspects of our surroundings that are built by humans. It creates where we live, where we play and where we work. From historical and cultural buildings, to shops, connecting our cities, enabling our travel, entertainment, protecting listed buildings and providing energy – it’s all together a fantastic industry to work in!

So, if your ambition is to build a career in construction, we can offer you a solid foundation in whichever area interests you.

## What kind of career could I have?

- 3D Designer
- Architectural Technician/Technologist
- Construction Manager
- Interior Designer
- Quantity Surveyor
- Building Surveyor
- Site Manager
- Furniture Designer
- And many more...

Find out more about all of these courses at [fife.ac.uk/built](http://fife.ac.uk/built)

*It just goes to show the quality of the teaching here, it is really good.*

*If they can get me into university, they can get anyone in!*

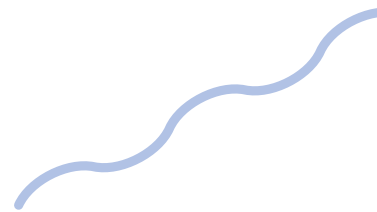

*I was always good at drawing in school, and I had stepped away from it for a while. But to come back and actually put it to good use has been really good for me.*

*After the course has finished, you can go into loads of areas. I am going to university... if you had said that to me five years ago, I would not have believed you!"*

# Childhood Studies

With huge demand in Scotland currently for qualified early learning and childcare workers, there has never been a better time to turn your dream of working with children into a reality. Whether you want to work as an Early Years Practitioner, Early Years Support Worker, or Pupil Support Assistant, you will get to use the knowledge and skills learned on your college course to change the world, one little person at a time!

Our childhood studies courses will provide you with the transferable skills and practical work experience you need to advance in a career in early learning and childcare. And for those already working within this sector, our flexible work-based and part-time study options mean you can fit studying around work and family commitments.

## What kind of career could I have?

- Early Years Manager
- Lead Early Years Practitioner
- Early Years Officer (EYO)
- Early Years Practitioner
- Educational (Pupil) Support Assistant
- Early Years Support Worker
- And many more...

Childhood Studies courses also support progression onto further study, leading to careers such as Primary Teaching or Social Work.

# Creative Industries

Have you ever been told that creativity can't be a career option? Then think again! 98% of Scotland's creative industry enterprises are small, independent businesses. If you are someone that thoroughly enjoys expressing your individuality through the power of creativity in art and design, jewellery design or acting and performance, then we have the courses you are looking for. We can supply the knowledge and skills to succeed... all you need to bring is your imagination and motivation!

Our acting and performance, art and design, and jewellery courses are designed to give you real-world experience whilst you study the terminologies, techniques, skills and more that you will need for a flourishing career in these industries. With our experienced lecturing staff, you will be inspired to stay creative and apply this to your course work, allowing you to progress on to further study, your chosen career, or even start your own business fully equipped with the skills and knowledge you'll need to be successful.

## What kind of career could I have?

- Actor/Performer
- Animator
- Artist
- Entrepreneur
- Interior Designer
- Jewellery Designer
- Product Designer
- And many more...

Ex-Fife College students have worked in a Gordon Ramsay Restaurant, Gleneagles Hotel, The Kitchin by Tom Kitchin, The Ivy, and more

# Digital, Computing and Cyber

There has never been a better time to consider a career in Digital, Computing and Cyber. In an industry that contributes nearly £5bn to the Scottish economy, it's estimated that 13,000 new roles are created on an annual basis within Scotland's emerging digital sectors. People working in these sectors are 23% more likely to be employed on a full-time, permanent basis, and earn a salary that is on average 26% higher than the Scottish average.

Our courses will equip you with the specialist computer science and digital media skills you need to pursue a career in areas such as Software Development, Cyber Security, 3D Animation, Computer Games Design, Digital Design and eSports.

## What kind of career could I have?

- Cyber Security Specialist
- Games Developer
- Software Developer
- 3D Animator
- IT Technician
- Mobile App Developer
- UX Designer
- Web Developer
- And many more...

*I have always had a passion for video games since I was three or*

*four years old, so I took the leap to study and design video games with the hope of pursuing a career in the booming Scottish games industry.*

*Fife College is kind of the ideal place to study games development. We are slap bang between Edinburgh which is home to companies like Rockstar, but also Dundee and there you've got Abertay University and there are a lot of smaller games companies there as well.*

*I would absolutely recommend Fife College - it has been a great experience here. The teaching staff are great and we have access to a lot of facilities. Next year I will go on and do the HND, doing a lot more things in 3D design. Post-study, I do hope to go into the games industry, working maybe as a level designer."*

**Keith Morrison**  
HNC in Digital Design and Development (Games)

# Engineering

A career in Engineering provides great job opportunities within many different industries. Engineers are highly sought after in emerging industries such as renewable energy, pharmaceuticals, digital infrastructure, food and fast-moving consumer goods (FMCG) production, as well as more traditional fields such as electrical or mechanical engineering, and fabrication and welding.

Whichever field you are interested in working in, Fife College provides the best Engineering training to kick-start your career. Our HNC and HND Engineering courses deliver first class training from industry experts in facilities that mirror the work environment, giving you the wide-ranging skills and practical experience that you'll need to build your career in this fast-growing sector.

## What kind of career could I have?

- Advanced Manufacturing
- Computer Aided Design (CAD)

## Did you know?

The Scottish space industry will need more than 3,000 engineers in the next 10 years as Scotland prepares for the first European space launch from home soil.

# Health and Social Care

Working in health and social care is a career like no other. You will be joining thousands of frontline heroes, who make a real difference every day to the lives of the most vulnerable people in society. Whether you want to work as a nurse, a counsellor or a youth worker, a housing officer or a social worker, you will be using your knowledge and skills to help people change their lives for the better.

Our wide range of acclaimed health and social care courses will provide you with the transferable skills and practical work experience you need to get started in your career. And for those already working within the care industry, our flexible work-based and part-time study options mean you can fit studying around work and family commitments.

## What kind of career could I have?

- Additional Support Needs Teacher
- Adult Nurse
- Care Home Practitioner
- Children's Nurse
- Community Development Worker
- Housing Officer
- Project Worker
- Residential Child Care Support Worker
- Social Worker
- Support Worker
- Youth Worker
- And many more...

## Did you know?

One in 13 people in Scotland work in social services.

# Science

Do you want to be part of the answer to some of the biggest challenges facing the world?

Science covers a huge variety of topics; from astronomy to zoology, working in a variety of locations such as laboratories and hospitals or underwater studying plants and animals or even up in space researching human health. From technology to medicine, scientists make an invaluable contribution to how we understand the world around us; from how atoms collide, and substances react with one another to forces within nature and biomechanics.

Science is exciting and useful. It is developing all the time with scientists all over the world applying their knowledge and expertise to challenge climate change, design new vaccines or create new ways to grow food. Our range of courses and qualifications will give you the core skills and theoretical knowledge to fuel your desire and help you develop a successful career.

## What kind of career could I have?

- Laboratory Technician
- Climate Analyst
- Virologist
- Geneticist
- Ecologist/Environmental Scientist
- Animal Technician
- And many more!

*The reason I choose to study at Fife College*

*was because they offered a course that was ideal for people like me who wanted to return to education. I'm 30 now and a mum of two kids, but always wanted to progress onto university and become a Paramedic.*

*Since completing my course, I have now progressed onto university and attend Queen Margaret University in Edinburgh. I am going into my second year now as a paramedic student and look forward to progressing more with my studies."*

**Laura Corkhill**  
**SWAP: Access to Health and Life Sciences**

# Social Sciences

Life is one big system of chaos, driven by human behaviour and relationships. If you want to understand more about how societies establish resilient structures to maintain social order as well as promote policy, democracy and equality then choose one of our courses in social science.

You will gain a vast range of knowledge and understanding of society, culture and human interaction and learn to perceive the world in a different way.

Whichever path you take you will leave with a well-rounded transferable skillset, ready to specialise in your chosen area and find employment opportunities in private, public and voluntary sector organisations.

## What kind of career could I have?

- Counsellor
- Human Resources
- Primary School Teacher
- Probation Officer
- Psychologist
- Public Services Worker
- Social Worker
- Community Educator
- And more...

Social Sciences	Full-time	Part-time
HNC: Social Sciences	D K	
HND: Social Sciences	D K	
BA (Hons): Social Science		D

*My ambition for the future is to complete my HND in Social Sciences.*

*Then I would like to progress on to university and work towards a degree.*

*My time at Fife College has been incredible, I have loved the overall experience, the lecturers and course content. Last year, I was working part time, but I decided I wanted to progress in an occupation involving politics and current affairs, therefore it seemed as though Social Science was the best decision to make.*

*I would recommend this course to others - if you are passionate, have empathy and wish to uncover more about your society and community, then social science is for you! I think my passion for Social Sciences and Sociology will lead me into a university-based course that will eventually lead me to strive for social change."*

**Chloe Veitch**  
HNC in Social Sciences

# Sport and Fitness

Transform your passion for sport, coaching and fitness into a rewarding career supporting and motivating others to develop and realise their potential.

Whether that means working with the next generation of sporting talent, contributing to local community initiatives, or supporting individuals to transform their lives, we have the course for you.

Our courses cover the fundamentals of the industry, as well as more advanced components designed to help fitness professionals take their career further.

## What kind of career could I have?

- Personal Trainer
- Fitness Instructor
- Leisure Attendant
- Football Development Officer
- Lifestyle Coach
- Sports Coach
- Active Schools Coordinator
- And many more...

## Did you know?

The UK is the third largest health and fitness market, contributing over £70 billion to the global GDP

**192,700**

The number of people working in the UK sports and fitness industry in 2022... an increase of around 60,900 compared to 2010

# Tourism, Events and Hospitality

Get started towards a fast-paced, dynamic career with worldwide opportunities whilst engaging with diverse clients by working in the industries of Travel, Tourism, Events and Hospitality.

Immerse yourself in a wide range of cultures as well as embracing innovation to promote tourist destinations, lead events and create unique experiences for customers.

At Fife College, we are proud to be able to deliver first-class teaching to our students in the very best learning environment. Across each of our campuses, purpose-built training facilities are designed to provide an experience similar to industry. We also boast an industry-standard replica aircraft cabin and events spaces, which provide a fantastic way to consolidate your learning and develop your skills.

## What kind of career could I have?

- Conference Manager
- Events Manager
- Exhibition Organiser
- Airline Cabin Crew
- Holiday Representative
- Hotel Receptionist
- Live Performance Manager
- Fundraiser
- Hospitality Manager
- And many more...

HNC: Hospitality Operations	K	
HNC: Travel and Tourism	K	
HND: Hospitality Management	D	

*You get a lot more support from the lecturers at college,*

*and there's a lot of pathways that you can follow into higher education or work.*

*I decided to go to Fife College because I wasn't ready to lock myself into four years of a university course because I wasn't too sure what I wanted to do. By going to Fife College, I could achieve a qualification every year, and then progress to the next level of study if I wanted to.*

*I studied HNC Events, then HND in Events Management, and now I am the Events and Engagement Assistant at Fife College. I work in the Internal Communications team and we plan college events such as graduations and internal award ceremonies.*

*My future plans include a bit more studying. I've just applied to one of the pathways offered by Fife College to study BA (Hons) Business Management with Marketing at Edinburgh Napier University."*

**Mirryn Rattray**  
HND in Events Management

# Degree Pathways

The background features a large, abstract graphic design. It consists of several overlapping shapes: a large yellow shape at the top, a white shape at the bottom left, and a large pink shape at the bottom right. A dark blue outline traces the edges of these shapes, creating a stylized, geometric pattern.

# How to apply

Your step-by-step guide to applying for a course at Fife College.

1

**Choose your course:** take a look at what we have on offer and pick the one that'll help you get the qualifications and career you want.

2

**Check the entry requirements:** have a look at what's needed for the course you want to apply for and make sure you have what's required.

3

**Complete your application:** click the 'Apply Now' button at the foot of the course page and complete the online application form.

Please note:  
Applications open  
on 15 January  
2024.

4

**Keep an eye on your emails:** we'll send you any interview invite or offer by email (watch your junk mailbox too, just in case). If you receive an offer please accept it asap!

5

**Complete your funding forms:** all your funding needs to be in place before you start your course. Check here for more details: [fife.ac.uk/funding](https://fife.ac.uk/funding)

**If in doubt...ask!** There are lots of options so take your time to decide. If you need a bit of help or advice, feel free to give us a call for a chat on 0344 248 0115. You can also make an appointment with our Guidance team by emailing us at [guidance@fife.ac.uk](mailto:guidance@fife.ac.uk)

# Finance options

**Money and funding are big considerations for most students. So if you need a hand deciding which is the right option for you to fund your studies, our Student Funding team is happy to chat and answer all your questions.**

We advise that you apply for your funding as early as possible, and make sure everything is in place before the start of your course. Our website has all the information you need on all the different kinds of funding support available – from bursaries and student loans to scholarships, assistance funds, and allowances.

Depending on the level of course you study, you could be eligible for the following types of funding:

- Tuition fees paid (SAAS)
- Student Loan (SAAS)
- Supplementary grants
- Assistance with childcare
- Disability support
- Individual Training Account (ITA)
- Council tax exemption/discount
- Assistance with rent/mortgage
- Part-time fee grant
- Care Experienced bursary

Visit [fife.ac.uk/funding](https://fife.ac.uk/funding) for further information.

**You can make an appointment to see one of our Funding Team if you need assistance with your funding application or have any questions regarding how to fund your studies. These bookable appointments can be made by either calling the main college number on 0344 248 0115 or emailing [studentfunding@fife.ac.uk](mailto:studentfunding@fife.ac.uk)**

**To apply for your tuition fees, living costs and Student Loan, visit [saas.gov.uk](https://saas.gov.uk)**

# Support services

**Our aim is to support every individual who seeks to further their education, and to provide the best experience at college as we possibly can for you.**

**With that in mind, you'll find we have a wide range of student services available to support you during your studies, including:**

## Guidance

If you need to talk to someone in private about any issue during your time at Fife College, our Guidance team are here to help. We've got a supportive team at every campus who are always happy to chat, listen and help.

**See [fife.ac.uk/guidance](https://fife.ac.uk/guidance) for more details.**

## Health and Wellbeing

We are committed to the provision of high-quality support for students to safeguard physical, emotional and mental wellbeing. We have Health and Wellbeing advisors on hand at each of our campuses so help is never far away.

## Student Employability

It's our aim to help make you as employable as possible, so we have a Student Employability team on hand at every campus to give you relevant, practical careers advice.

**Visit [fife.ac.uk/employability](https://fife.ac.uk/employability) for more details.**

## Inclusion

We don't ever want anything to get in your way of learning and participating at college, so we have an Inclusion team available at Student Learning Hubs on every campus where you can drop in for advice and support when needed.

**See [fife.ac.uk/inclusion](https://fife.ac.uk/inclusion) for more information.**

## Attendance

Our Attendance advisors can work with you, your lecturers and your course tutors to make sure you are making it to all your classes or studying on your own so you don't fall behind on your course.

## Care Experienced

If you are Care Experienced, our Student Experience Team are there to help and support you prior to coming to college and throughout your student journey.

**Head to [fife.ac.uk/careexperienced](https://fife.ac.uk/careexperienced) to read more.**

## Cost of Living

We understand that the current cost of living crisis may be causing you some concern. However, we have a wide range of initiatives in place – including free breakfasts, free use of digital devices and help with accessing hardship funds – to help your time at college be more affordable.

**See [Cost of Living Support \(fife.ac.uk/cost-of-living\)](https://fife.ac.uk/cost-of-living) for more details.**

# Students' Association

**When you study at Fife College, you automatically become a member of one of the best students' association in Scotland!**

**Fife College Students' Association (the FCSA) is here to support you in every aspect of your college experience. Whether you need help with something in class, are looking for a way to expand your skills, or want to do something fun, the FCSA is there for you.**

**Find out more at [www.fc-sa.net](http://www.fc-sa.net)**

# Our facilities

We want to make your higher education learning experience with us as beneficial as possible, which is why we've invested so much into providing the best facilities we can for you.

Here's just a selection of the fantastic facilities we have on offer:

A dedicated **University Hub** in Dunfermline, to help those studying towards their degrees to have the best environment possible for their studies.

Our Business students benefit from the teaching and facilities available via our **Andrew Carnegie Business School**.

In Kirkcaldy, **state-of-the-art training kitchens**, and our own commercially-run **restaurant** – The Academy – to give you invaluable customer-facing experience.

In Glenrothes, the very best **industry-standard engineering equipment** so that you are working every day in workshops that are as close to real life work situations as possible, as well as a care **suite** for practical work in healthcare, social care and childhood studies.

Top-of-the-range **digital equipment**, especially in cyber and software development areas, as well as a new **Media Production Hub** to deliver 'live-projects' using ultra high-quality equipment.

Our own **sound and screen studios**; **photography studio**; and **gaming labs**.

And across all campuses, we've invested heavily in **flexible learning spaces** to ensure that the teaching/learning environment best suits your needs.

# Turn your HNC/HND into a degree

Transfer credit from your college qualification and complete a degree more quickly. A part time fee grant could fund your qualification if you earn less than £25K.

Start your journey now

[open.ac.uk/courses/college-routes/](https://open.ac.uk/courses/college-routes/)

# TRANSFORM YOUR FUTURE

Hundreds of college students graduate from Heriot-Watt University – why not be one of them? Transitioning from your college course into our degrees is easy. Check out the advanced entry listings in this guide for more details.

**At Heriot-Watt, we provide the right support for you. From bursaries and childcare funds to our dedicated 'Get Ready for Success' course, we will help you kickstart your university journey.**

*"The graduate associate route allowed me to get a feel for what being a Heriot-Watt student was like before I began my studies. I was able to work with Team-ESTEEM for the Solar Decathlon Middle East. I am proud to say I am now graduating with a Computer Science degree, specialising in Data Science."*

GO BEYOND BOUNDARIES

# Join the #Boundary Breakers

At the University of Aberdeen there are no boundaries for your ideas and their impact. As a partner university with Fife College we will support you to take your next step from a HNC/HND to University.

With advanced year entry an option, you can graduate in the same 4 years as you would have coming straight from school.

We have a dedicated team here to support you and offer bridging and summer programmes to make your transition to degree study smooth.

For more information and a full list of our pathways check out our guide at [abdn.ac.uk/study/pathways](http://abdn.ac.uk/study/pathways)

## TURN YOUR HNC OR HND INTO A DEGREE AT ABERTAY UNIVERSITY

Starting at college and finishing at university is a popular and successful path for many Fife students. Almost one-third of Abertay students come from college—and you can join them.

Our college agreement means you can start many Abertay degrees at Year 2 with a relevant HNC, or Year 3 with a relevant HND.

Our degree subject areas include:

- Accounting, Business Management and Marketing
- Biomedical and Forensic Sciences
- Civil Engineering
- Computing (including Computer Arts and Ethical Hacking)
- Criminology
- Food Science, Nutrition and Wellbeing
- Mental Health Nursing
- Psychology
- Sport and Exercise
- ...and much more

Find your place at [abertay.co/from-college](https://abertay.co/from-college)

Want to chat through your options?  
Contact Claire Gammie on 01382 308080 or email [sro@abertay.ac.uk](mailto:sro@abertay.ac.uk).
