

**VIBE Festival 2024**

Fife College  
17-23 June

*Art and Design  
Digital, Computing and Cyber  
Creative Media*

Mark your calendar for our upcoming **VIBE Festival** which takes place at our campuses across Fife in June.

Don't miss out on the chance to experience what our students have been up to this year!

**VIBE** showcases work from our 2023/24 Creative Industries students. Come along and be inspired by their hard work and achievements.

All events are **FREE** to attend.

### Art & Design Exhibition

When: 17-23 June (9am-5pm)  
Where: Room BS51 / BS53, Kirkcaldy Campus

Our talented Level 4/5/6 students will be showcasing their work in our art studios, covering a wide range of themes and topics, and using a variety of media. Plus, some items will be available to buy, or you can connect with the artists for commissions or further website and portfolio information.

### HN Art & Design Exhibition

When: 17-23 June (9am-5pm)  
Where: The Atrium, Kirkcaldy Campus

Our talented HNC and HND students will be showcasing their masterpieces, covering a diverse range of themes and media. From captivating paintings to thought-provoking sculptures, this exhibition promises a visual feast. Plus, some items will be available to buy, or you can connect with the artists for commissions or explore their online portfolios.

### Computer Games and Technologies Showcase

When: 17 June (1pm-4pm)  
Where: Dunfermline Campus (Media Space H6.09)

When: 20 June (1pm-4pm)  
Where: Glenrothes Campus (Top Floor S3.1)

We have so much to show you!

- Computer card games - Design and create your own computer game by playing and exploring some existing card games. Flesh out your idea with graphics, pictures and descriptions, then pitch your idea to your peers. Only the best idea will win!
- Games creation with GDevelop - Create your twist on the classic computer platformer (like Mario) and design your own character, level, and gameplay settings. Then use GDevelop - the fastest, easiest, most powerful no-code game engine - to create your game.
- Esports - Compete against your friends in some gaming fun! In this workshop you will learn the rules and details of a game, come up with a format and rules for a tournament, split into teams, compete, and commentate!
- 3D technology - Use cutting edge 3D scanning technology to capture a 3D model of real-life objects. Learn how these can be edited using 3D computer modelling and animation software and then printed using 3D printers. Explore how this technology is being used within the manufacturing, film and computer games industry.

### Computing Challenge and Showcase

When: 18 and 20 June (1pm-4pm)  
Where: Kirkcaldy Campus (Rooms BF44 and BF45)

When: 19 June (1pm-4pm)  
Where: Dunfermline Campus (Room H1.04A)

Take on some fun computing challenges, involving cabling, password hacking, and programming. There will be prizes up for grabs! And that's not all... we also invite you to explore the virtual universe with our VR kit. And you'll have the chance to view our students' work and show your appreciation for all their hard work this year.

### Photography Exhibition and Showcase

When: 17 -21 June (9am-4pm)  
Where: Media Space Foyer and Main Building Refectory, Dunfermline Campus

Come and see a selection of our students' amazing work. From Landscape to Portrait, Location to Studio, Experimental to Documentary-style and much more, there's something to inspire everyone. If you are interested in developing your skills and studying for a qualification in Photography we have a course for you, whatever your level of ability.

In addition, in the Media Space on 18 and 20 June (4 pm to 6pm) our students and staff will showcase student work, studio set-ups and photograph editing with Adobe.

### Boom TV Showcase (Radio, Sound, Podcasting, TV)

When: 19 June (4pm-7pm)  
Where: Glenrothes Campus, Media Production Centre of Excellence (Rendezvous Room N5.11) (Live stream 6pm-7pm)

Witness the convergence of radio, sound, podcasting, and TV in our multi-format media extravaganza!

You will be treated to an exclusive glimpse behind the scenes as our students showcase the meticulous preparation that's required for live-streaming on YouTube.

There will be a live band rocking the recording studios, live DJs and special guests in the podcast and radio production studios and a magazine-style show in the TV studios.

For those unable to attend in person, tune in to our live stream from 6pm to 7pm and be a part of the action wherever you are!

### Graphic Design/Visual Communication Showcase and Workshop

When: 20 June  
Where: Glenrothes Campus, Media Production Centre of Excellence

Join us as we unveil the remarkable creations of our students and show you the journey from challenging briefs to captivating designs. See the design process from brief to ideas and possibilities, to rough ideas and the refined finished product.

Plus, you can test your creative powers at our short workshops and produce your own creative content using real-world and digital techniques. Workshops take place at 4.45pm and 5:45pm.
